A GERMAN RED ARMY.

Created by Communist Party.

Berlin, January 23.

It is semi-officially stated, that searches in houses at Essen, Duesseldorf, Elberfeld and Luenen, near Dortmund, gave ample evidence of the existence of a Red Army, with military headquarters in Berlin, which was called into being by the German Communist Party. Statements made by those arrested confirm this.

Documents wized show that the Red Army possesses light and heavy arms and a vast quantity of other war material. Armed kilos. action was to be begun at the conclusion of the recent strike of smelters at Hamborn but was postponed a fortnight because it was considered the time was not ripe for combined action throughout the country. THE PROBLEM OF ARMENIA.

President Wilson's Note.

Washington, January 23. A Note sent by President Wilson to M. Hymans, President of the League of Nations Council, opines that the distressful situation in Armenia is only one detail of a vast Russian problem. The recent tragical events in Poland and the Crimea prove that armed invasion is not the way to bring peace to Russia. Obviously the struggling border States would not attack great Russia unless encouraged by the promise of support from the stronger Powers.

The President suggests a public solemn agreement of the Powers not to violate or permit violation of the territorial integrity of Russia. as a sine qua non to any attempt to pacify Armenia or other border States.

No less than six revolvers and 500 rounds of ammunition were seized by the Police from a secret compartment which the defendant had contrived in a cabin of the steamer. In his position, and aided by such ingenious worans, the man was able to do a large business in arms, for which reason the Captain Superintendent of Police conveyed to the Mazistrate his wish that an exemplary penalty should be imposed. ## GRAND CHARITY CONCERT.

Mme. Lottie Gordon's Successful Effort.

Marked success attended the grand Charity Concert organised by Madame Lottie Gordon at the Theatre Royal on Saturday evening in aid of the Blind Home, Kowloon, and the Pokiulum Home. The building was filled in all parts, and the event enjoyed the patronage of his Excellency the Governor and Lady Stubbs his Excellency Vide-Admiral' Duff and Miss Duff, his Excellency Major-General Sir George and Lady Kirkapatrick, Commodore and Mrs. Bowden Smith, and Mr. Justice Gompertz and Mrs. Gompettz. It was gratifying to see that Mme. Gordon's efforts in the good cause were so well supported.

A well-designed programmer including some emniently attractive selections, was enthusiastically received by the large audience, who spent a most enjoyable evening. Where all the programme was so well recived it might be invidious to single out performers, but allusion may be made to the speial attraction of the great Russian art danseuse, Miss Vera Mirova, who "brought the house

## THE DENNISTON PLAYERS.

Popularity of American Productions.

The Denniston Players are due to open their season at the Theatre Royal this evening, when the screamingly funny farce "She Walked in her Sleep' will be produced. The play is by an American author, and it is of interest to note that during the past year or so a very large proportion of the plays produced in Hongkong have been American productions. It has been tomarked that previous to the war American authors were not encouraged, but the war largely put a stop to play writing in England, and the New York managers realised that if they wanted to keep their houses open they had to seek

plays at home. Word was sent broadcast that any play sent to the managers would be read and, if approved, instantly produced. Immediately the authors "got busy," and many found themselves famous in a night. The American excels in the art

of short story writing and is making a bold bid for universal popularity in the realm of thealtical comedy and farce. There is a novel freshness and a snappiness about American comedies which come as a welcome relief to the English type of play, and the distinctive humour, which is one of the stand-out features of all American productions, has "caught on " not only in England and America but in India, Hongkong and other British possessions.

His Lordship decided in favour of the defendants.
